

## Lean Leader Training Programme Outline

**Summary:** A series of workshops designed to increase knowledge and skills in creating and developing a Lean organisation in any sector including manufacturing and service. The overview of Lean foundations and pillars is complemented by a practical analysis of what it takes to lead a Lean organisation. The curriculum is linked to Capella's Lean Practitioner programme and also complements Capella's Six Sigma Black Belt programme.

**Aimed at:** Directors, Senior Managers and Continuous Improvement Leaders who want to create a Lean organisation

**Prior qualifications/experience:** Acting in a position of management or higher. Lean experience or attendance on Capella's Lean Practitioner programme would be beneficial.

**Duration:** 3 days

**Objectives:** By the end of the programme, participants will be able to:

- Develop the foundations of a Lean transformation for your organisation
- Build upon these foundations to create a strong Lean culture
- Lead a Lean culture through a programme of Continuous Improvement and growth
